Support Indiana's Protection at Conception Act

To My State Legislators and The Governor:

Whereas *Indiana Code already notes, "That human physical life begins when a human ovum is fertilized by a human sperm."*
IC 16-34-2-1.1

Whereas *Despite this, preborn babies continue to be slaughtered in the womb at an estimated rate of 22 per day in Indiana.*

Whereas *What Indiana needs to do is protect the preborn life that the Indiana Code has already acknowledged exists.*

Therefore *I urge you to support passing Protection at Conception Act immediately!*
